About OSD Healthcare

At OSD Healthcare, our goal is to make private healthcare accessible, affordable, and stress-free. We provide outstanding care, using state-of-the-art equipment to deliver the best healthcare outcomes for every one of our patients.

Patient-centric care

At OSD Healthcare we are dedicated to building long term partnerships with our referring community and we understand a referral requires trust and confidence in us.

Multidisciplinary team approach

We are proud to provide patients with access to eminent consultants, leading specialists and expert nursing staff who have been chosen specifically for their knowledge and reputation in their area of expertise. These experts work tirelessly to deliver the best possible health outcomes for all our patients.

Diagnosis to treatment, all under one roof

Patients can access an extensive range of treatments and services, getting the medical advice they need efficiently and effectively.

- **Private GP**
both virtual and face to face appointments
- **Physiotherapy & Rehabilitation**
both virtual and face to face appointments

Testimonials

Patient Feedback:

First class in every way. Friendly and caring, the best hospital experience I have ever had, and I have had quite a few.

Staff were very friendly and helpful. I would highly recommend everyone to this hospital. By far this is the best healthcare appointment I have ever attended in England.

Excellent service in a setting that was more like a luxury hotel! Very friendly, helpful staff. A very positive experience, many thanks.

I saw Physiotherapist Amanda for a back injury from playing Golf. The result is that I am back playing and stronger than before, all pain free. Great facility and very friendly environment.

Formal and efficient service at reception. Very caring service leading to the MRI scan and reassurance by a kind gentleman. A good experience in a beautiful surrounding.

Very friendly and helpful staff on our arrival, covid friendly. Gave us a cup of coffee at the end of the treatment. All over, very calming and not rushed. Thank you to everybody at OSD Healthcare.

If you have to be in hospital you couldn't wish for a more comfortable environment with caring, professional and knowledgeable staff. I highly recommend and a thank you to all the staff who took care of me, from the checking in receptionist, the lady that buttered my toast for me, and the nurse who escorted me to my wife picking me up in the car park and everyone else in between.

Daniel my physio was absolutely amazing. The man is a magician!! A true credit to his profession.

GP Feedback:

Virtual Education

Thank you, vital help during lockdown to keep on top of CPD.

Wonderful ongoing service many thanks indeed for all your efforts.

It was an excellent talk and had enough time covering all questions, thank you.

As usual, excellent.

One of the best ENT talks I've attended.

BLS Training

Thank you for organising such a great session in a lovely environment with an excellent trainer and a perfect goody bag.

Best BLS and anaphylaxis training I've ever been to, and I've been to a lot in my time!

I had a fantastic time and Esther was really thorough.

Excellent session with the best practical session I've ever been to.
